March 2025

From the Founder,

What an incredible first year! We witnessed a series of milestones including our legal formation, the launch of our internet presence ([www.GuardiansGrace.org](http://www.GuardiansGrace.org)), receiving our tax-deductibility of contributions designation in just five weeks (versus the IRS expectation of nine months), our first member organization, the launch of our service delivery, and more.

But much more than all that is the lives that we have been able to touch. We have been privileged to bring God's love, care, and healing to veterans and other adults in treatment for substance abuse disorders, which is a leading contributor to veteran suicide. We delivered more than 100 Bibles and other support materials to those in treatment (some in isolation for various reasons). We provided one-on-one pastoral counseling to more than a dozen individuals. We provided weekly, in-house, church worship services at our member sites, including sharing in The Lord's Supper. We have witnessed individuals come to first-time or renewed faith in Christ. And we spent countless hours in other more casual, but intentional, conversations providing care and sharing God's love for them. And none of this to our benefit, but to the awesome glory of our Father in Heaven!

It is a privilege beyond words to serve God in this way, to reach the hurting and the lost with His love and compassion and forgiveness. And moreover, to witness the lives that are changed through the ongoing work of the Holy Spirit in the lives we touch. To get a small sampling of what this means to our clients, check out our published testimonials ([guardiansgrace.org/the-buzz/](http://guardiansgrace.org/the-buzz/)).

None of this would be possible without the generous and heart-felt donations we receive from supporters like you! The board of directors and I steward these resources with the utmost diligence. We are eternally grateful and are excited to see what God has in store for us this coming year!

Blessings,

Richard Singletary, Founder/Chaplain
